ANTHEM CIDER

True Craft Cider from Salem, Oregon USA

Anthem Cider offers the tart acidity of the apple's natural malic acid with a clean fruit forward finish. Anthem Cider is the foundation for all the Anthems.

Semi-Dry. Medium Tart

Anthem uses only fresh pressed apples and other fruits, herbs sourced from the Pacific Northwest of known varieties –listed on every bottle and keg.

To make great real cider, the varieties of apples, fruit additions and herbs matter.

As does where the ingredients are grown and how far removed they are from their original form (degrees separated through processing from the farm to the bottle).

The fresh pressed apples Anthem use provide all the sugars for fermentation and the malic acid (source of the tartness). Any and all residual sweetness in Anthem is provided by the apples we started with or the fruits used to finish with.

The result is a line up of real ciders made the way you expect; apples pressed and fermented.

Made with 100% whole Northwest grown apples fresh pressed and fermented. Tree to Bottle.
