Protect Your Guests and Your Electronics with Disposable Electronics Covers

The CDC recommends that electronics such as tablets, keyboards and remote controls be sanitized regularly. However, the buttons and crevices can make them difficult to completely clean, and the sensitive electronics may not react well to repeated cleanings with harsh chemicals.

Introducing **PS Protective Products**, featuring our new line of disposable electronics covers that can help provide added protection to both the user and the equipment!

- Great for hotels, hospitals, nursing homes, restaurants, bars and classrooms.
- Clear plastic bag allows electronics to be used in the bag
- Manufactured in the USA by an FDA certified 510K Medical Packaging manufacturer
- Protects electronics from harsh cleaning chemicals
- Makes thorough cleaning quick and easy
- Multiple sizing options for remotes, keyboards, cell phones, tablets
- Very large covers available for entire computing carts or kiosks

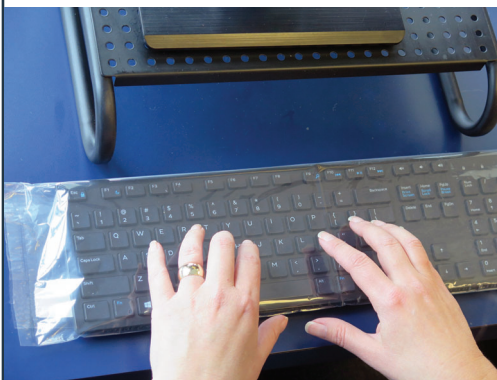

TV Remote and Cell Phone Covers

Help reduce the risk of cross contamination between guests. Sealable bags provide sturdy protection to the entire remote.

- Secure adhesive strip makes it easy to seal the remote in for a snug fit.
- Convenient tear notch for easy bag removal
- Protects electronics from harsh cleaning chemicals.
- 4" x 9.5" bag fits most standard remotes. Custom sizes are available.
- Works great for cell phones too!
