

Welcome to the SIIC 2017 workshop roster!

(More information and registration coming soon!)

Please note: You may only register for one workshop per session. For example: If you want to come to Session II, July 17-21, you may only register for either one 3-day workshop, or one 5-day workshop, as you will be in that class, learning that subject for all 3- or 5-days. That is what makes this conference so unique, and why our participants receive such a rich and deep learning experience. The hard part is deciding on one (unless you come for multiple weeks!) We are here to help – email us for advising at ici@intercultural.org and we'll do our best to point you in the right direction based on your learning objectives.

Session I: 3-day workshops July 12-14, 2017

Defining, Developing, and Defusing Difficult Dialogues (Anita Rowe, Donna Stringer)
