Africa's Limpopo province in which Kapama is situated is renowned for its wildlife and includes areas such as the well known Kruger National Park.

En route, you'll stop for a sundowner drink and will have a chance to stretch your legs as you watch the sun set over the distant peaks of the Drakensberg mountains.

DAY 1 – AFTERNOON SAFARI WITH BOMA DINNER

As the sun sinks, we stop to enjoy a sundowner drink and snacks in the bush.

As darkness falls, the nocturnal animals of the bush come out. The skilled tracker will scan the landscape using a spotlight, which illuminates animals' eyes. A variety of completely different species can be seen on the night drive back to the lodge

As darkness descends we enjoy a night drive before returning to the lodge to refresh before dinner.

Special Boma Dinner

We meet in the cosy bar for pre dinner drinks before moving to the Boma which has been specially set up for the group.. An African choir welcomes guests with their beautiful voices and leads them through to the Boma for dinner.

As in classic old Africa, evening meals are often enjoyed seated around a roaring fire which is epitomised by a dinner set in the Lodges open air Boma, under a star-studded African night sky. The experience adds enchantment to any African luxury safari experience. The cuisine is prepared using fresh seasonal ingredients and herbs grown in the lodge gardens.

Traditional South African dishes and accompaniments, such as mealie pap (African-style polenta) and chakalaka (a hot, spicy relish) further enhance the luxury game lodge experience by giving a taste of real Africa. Menus include warthog stew, kudu casserole, impala sausages and oxtail curry. Vegetarians, vegans and various other dietary requirements are easily catered for.

During dinner an African Marimba Band entertains with their pulsating and vibrant music.

OPTIONAL: PHOTOGRAPHIC COMPETITION AND WORKSHOP WITH A WELL KNOWN WILDLIFE PHOTOGRAPHER

Taking great wildlife photos is not as easy as it looks. There is a lot of thought and time that goes into producing those great images that we see around us. Not only does one need creativity and technical knowledge but also a knowledge and understanding of subject matter.

A well known South African Wildlife Photographer will meet the group during tea on the first day and do a short 15 minute talk on Wildlife Photography and offer a few great tips! He will also tell this a little about the Competition.

During the evening game drive, guests are encouraged to take their best photos. During dinner, he will go from table to table to interact with the group, have a look at their best picture of the day and give them a few tips. After the following morning game drive, a 2 hour photography workshop will be held between 11h00 and 13h00.

The Photography Workshop aims to reveal more of the thought processes behind the making of good wildlife photographs and at the same time gives photographers time and opportunity to put these thoughts into action in the field under the guidance of an experienced photographer. He will discuss the various elements that would combine to make up a good nature photograph. Participants will spend mornings and afternoon in the bush looking for photographic opportunities followed by a lecture each day and constructive criticism of any digital photos taken during each activity.

After the 3rd morning game drive those that would like to enter the competition submit their best picture.

An exhibition of the top 20 photographs will be enjoyed by the participants and they will have the opportunity to vote during pre dinner drinks. The Photographer will announce the winners after dinner and award a prize to the top 3!
