A visit to one of the many townships surrounding the city is an experience that will open your eyes to the way in which the biggest portion of Cape Town's population is living. This visit is completely interactive and encompasses the history of the lives and development of the disadvantaged communities in Cape Town. During an informative tour, participants will learn more about the history of the informal settlements and the challenges their inhabitants are faced with on a daily basis. You have the opportunity to interact and exchange cultural values with the local Langa community (the oldest formal township) and be welcomed in the traditional African manner. We start at the historic street Harlem Avenue, where we are welcomed with some refreshments, meet the family and will learn about the background of the township.

The group will split into 4 and embark on a walking tour of the neighbourhood. During this insightful visit, we visit St. Francis, a catholic community centre, education centre and school. There will be an opportunity to talk to the locals and get to tell them about your favourite sports. We continue to Guga S'thebe, a very interesting art & culture centre, where we enjoy a live local performances and will get to know popular musicians and film artists and can get involved in workshops and community projects.

We come together again at the family owned Mzansi restaurant where they enjoy a light lunch and will be entertained by a live Marimba or Jazz band which will ensure that you will love the vibrancy of Cape Town's Townships. Spouses will have the opportunity to play Marimbas and learn to dance the "Pata Pata".

Return to the hotel in the afternoon for some time at leisure to freshen up before dinner.
