June 2013

Reflections have worked with us since we moved here in November 2011.

Reflections provide a thoroughly professional service taking enormous pride both in the standard of cleaning and in the manner of it's delivery which is both reliable and flexible.

It is important that our headquarters' are constantly pristine as we host many overseas visitors each month. Reflections are an integral part of our team, providing excellent service and accommodating additional and last minute requests.

We have no hesitation in recommending Reflections to anyone requiring a first class and reliable cleaning service.
