PARABOLIC PERFORMANCE & REHAB AND SPORTIKA ANNOUNCE PARTNERSHIP

Parabolic Performance & Rehab, a leading sports performance training and physical therapy practice and Sportika, a sports training and development facility in Manalapan, New Jersey, announce a partnership that will integrate Parabolic's service offerings to help Sportika athletes perform at their highest potential. The new partnership will officially be called "Parabolic powered by Sportika." Parabolic's staff is comprised of Doctorate-level physical therapists and nationally recognized sports performance coaches.

Sportika is the largest training facility on the East Coast, containing 170,000 square feet of indoor space and 44,000 sq ft of outdoor field space. Sportika includes a 97,000 sq ft high quality indoor turf (the largest in NJ) with a 54 foot high ceiling and 50,000 sq ft. of hardwood courts for basketball and volleyball. In addition, Sportika has 3,000 sq ft. of strength & agility training space and 6 multi-purpose meeting rooms.

"Parabolic offers nationally recognized physical therapy and elite performance training, giving our athletes the greatest opportunity to succeed on the field," said Parabolic CEO, Steve Frohlich. "Our venture with Sportika provides us with an amazing partner and the best training facility on the East Coast. Our caliber of treatment and training was once limited to Division 1, Professional and Olympic athletes...we're thrilled to provide these services to Sportika and the surrounding community."

Sportika will be the home for Parabolic's 2018 NFL Draft prep program. Over the last three years Parabolic has trained over 60 NFL hopefuls for their combine and/or Pro Day including Trevor Siemian (Denver Broncos), Michael Burton (Detroit Lions), Will Tye (New York Giants), Tyrell Williams (Los Angeles Chargers), Quentin Gause (Denver Broncos) and Steve Longa (Detroit Lions). The 2018 Draft Prep program will provide Parabolic clients with the most comprehensive program to date featuring indoor/outdoor field space, physical therapy, speed and agility training, video and classroom sessions all on site in one facility.

"Sportika is excited to partner with Parabolic to provide first class sports performance training and physical therapy for our academy athletes," added Sportika CEO Jeffrey Jordan. "Our mission is to serve and support the whole child, and by offering a medical component to our academies, we can provide another level of service which will help our athletes get stronger and faster in a safe environment. With Parabolic on site, we provide our athletes real-time support, whether it be speed & agility, strength & conditioning, or physical therapy services. This combination is a game changer and sets Sportika apart from other training facilities."

Sportika is located at 150 Woodward Rd, Manalapan, New Jersey, 07726. For more information on Parabolic's partnership with Sportika, please contact Ami Dow at 973-744-2770 or via email at Ami@GoParabolic.com.

About Parabolic: Parabolic Performance & Rehab (PPR) is a multi-site state-of-the-art sports performance and physical therapy practice with locations in Montclair, Little Falls, Hackensack, and Manalapan, New Jersey as well as Chicago, Illinois. PPR provides Sports Performance Training, Physical Therapy, Massage Therapy and Acupuncture. Parabolic bridges the gap between the healing process and sports performance. Its Doctorate-level physical therapists and nationally recognized sports performance coaches work symbiotically to treat and strengthen each client to maximize their individual potential.
