

Untersuchungsauftrag		Tierart	Allgemeine Information	
Praxisstempel:	<input type="checkbox"/> Hund (H) <input type="checkbox"/> Katze (K) <input type="checkbox"/> Pferd (P) <input type="checkbox"/> Rind (R) <input type="checkbox"/> Schaf (S) <input type="checkbox"/> Ziege (Z) <input type="checkbox"/> Schwein (Sc) <input type="checkbox"/> Sonstige Tierart:	Tiername:	Name des Tierhalters:	
		Rasse:	Strasse (wenn notwendig):	
E-mail:		Alter: _____ Jahre	Postleitzahl und Ort (wenn notwendig):	
Barcode		Geschlecht	Identifikations-nummer Tier:	
Barcode hier verwenden bitte:		<input type="checkbox"/> männlich <input type="checkbox"/> weiblich <input type="checkbox"/> kastriert <input type="checkbox"/> sterilisiert		
Entnahme-datum		Entnahme-Zeit		
..... : Uhr		

Probenmaterial A= Abstrich mit Medium, AD=Abstrich ohne Gel/Medium (besonders bei PCR), AU = Ausstrich, BAL = Bronchoalveoläre Lavage, BU = Blutaussstrich, CP = Citrat-Plasma, E = EDTA Blut, EP = EDTA-plasma, FE = Federn, FM= Futtermittel, H = Haut/Haare, K = Kot, KM = Knochenmark, LN = Lymphknoten, NaF = Natrium Fluorid Blut, PU = Punktat, S = Serum, ST = Stein, * = eingefroren und U = Harn.

Weitere Untersuchungen:

Zytologie von (z.B. BAL): _____ Bitte mit Vorbericht: _____

Histopathologie von: _____ Bitte mit Vorbericht: _____
