WHEREAS, Developer, as the present owner and developer of the above-described real property, desires to place certain restrictions on such lots to preserve and enhance the value, desirability and attractiveness of the development and improvements constructed thereon and to keep the use thereof consistent with the intent of the Developer, and all of said restrictions shall be for the use and benefit of Developer and its future grantees, successors and assigns;

NOW, THEREFORE, in consideration of the premises contained herein, Developer, for itself and for its successors and assigns, and for its future grantees, hereby agrees and declares that the above-described lots and tracts shall be, and they hereby are, restricted as to their use and otherwise in the manner hereinafter set forth.

2. Use of Land. Except as otherwise expressly provided in this Declaration, none of the Lots may be improved, used or occupied for other than single family, private residential purposes. No trailer, outbuilding or Exterior Structure shall at any time be used for human habitation, temporarily or permanently; nor shall any residence of a temporary character be erected, moved onto or maintained upon any of the Lots or any Common Areas or be used for human habitation; provided, however, that the Developer or others (including, without limitation, builders and real estate brokerage companies) authorized by the Developer shall have the right to use trailers or temporary buildings or structures or any residence on any Lot for model, office, sales or storage purposes during the development and build out of the Subdivision.

3. Building Material Requirements.

(a) Exterior walls of all residences and all appurtenances thereto shall be of stucco, stucco board, brick, natural or synthetic stone, wood shingles, batt siding, board and batt siding, wood paneling, masonite or wood lap siding, plate glass, glass blocks, wood trim, or any other materials specifically allowed by the City and approved by the Developer in writing. Concrete blocks shall not be permitted as an exterior finished surface. All windows and exterior doors shall be constructed of glass, wood, metal or vinyl clad, fiberglass, or any other materials specifically approved by the Developer in writing. No windows or exterior doors may be silver or other similar finish. Roofs of residences shall be covered with wood shingles, wood shakes, concrete tiles, clay tiles, slate, or high quality composition shingles (with a minimum thirty (30) year warranty), all of the specific types, colors, styles, dimensions and other aesthetic factors specifically approved by the Approving Party in writing. Notwithstanding the foregoing provisions of this Section 3 requiring or prohibiting specific building materials or products, any building materials or products that may be or come into general or acceptable usage for dwelling construction of comparable quality and style in the area, as determined by the Approving Party in its absolute discretion, shall be acceptable, if allowed by the City,

upon written approval by the Approving Party in its absolute discretion. In the event the City or other government agency with jurisdiction and authority requires specific building materials not authorized above or requires that Owners have additional choices of building materials not authorized above, the Approving Party shall have the right, in its absolute discretion, to establish and regulate in writing the specific types, colors and other aesthetic features of such new or additional building materials.

(b) All applicable exterior components (excluding roofs, brick, stone, decks, and similar components) shall be covered with a workmanlike finish of paint or stain. No residence or Exterior Structure shall stand with its exterior in any unfinished condition for longer than five months after commencement of construction. All exterior basement foundations and walls which are exposed in excess of six (6) inches above final grade shall be painted the same color as the body of the residence.

(c) Air conditioning apparatus or unsightly projections shall not be attached to or located on the front of any residence. No window air conditioning or heating units shall be permitted.

(d) All fireplace flues in chimneys shall be capped with a black or color-conforming spark arrestor cap.

(e) All driveways and sidewalks shall be concrete, patterned concrete, bomanite, interlocking pavers, brick or other permanent stone finishes. Crushed gravel, asphalt and natural driveways and sidewalks along the street or from the driveway to the front door are prohibited.

(f) All residences shall have at least a two-car garage. No car ports are permitted.

(g) The Developer, in its discretion, may allow variances from the foregoing requirements of this Section 3.

4. Minimum Floor Area. No residence shall be constructed upon any Lot unless it has a total finished ground floor area of at least 1,200 square feet. Finished floor area shall exclude any finished attics, garages, basements and similar habitable areas. The Developer, in its absolute discretion, may allow variances from the minimum square footage requirement.

5. Approval of Plans; Post-Construction Changes; Grading; Erosion Control.

(a) Notwithstanding compliance with the provisions of Sections 3 and 4 above, no residence or Exterior Structure may be erected upon or moved onto any Lot unless and until the building plans, specifications, exterior materials, location, elevations, plot plan, lot grading plan, general landscaping plan, and exterior color scheme (all as and when may be required by the Developer for each particular stage of construction) have been submitted to and approved in writing by the Developer or, in the case of Exterior Structures to the extent provided in Section 8 below, the Architectural Committee, in each case as to architectural consistency and other aesthetic factors. No change or alteration in such approved building plans, specifications, exterior materials,

location, elevations, lot grading plans, general landscaping plans or exterior color scheme shall be made unless and until such change or alteration has been submitted to and approved in writing by the Developer or the Architectural Committee, as the case may be.

(b) Following the completion of construction of any residence or Exterior Structure, no significant landscaping change, significant exterior color change or exterior addition or alteration shall be made thereto unless and until the change, addition or alteration has been submitted to and approved in writing by the Architectural Committee. All replacements of all or any portion of a completed structure because of age, casualty loss or other reason, including, without limitation, roofs and siding, shall be of the same materials, colors, location and elevation as the original structure unless and until the changes thereto have been submitted to and approved in writing by the Architectural Committee.

(c) All final grading of each Lot shall be completed by the Owner in connection with construction of the residence and shall be in accordance with any master grading plan approved by the City, any related grading plan furnished by the Developer for the development phase containing the Lot and any specific site grading plan for the Lot approved by or for the Developer. No landscaping, berms, fences or other structures shall be installed or maintained that impede the flow of surface water. Water from sump pumps shall be drained away from adjacent residences (actual and future). No changes in the final grading or drainage of any Lot shall be made by or for the Owner without the prior written approval of the Approving Party and (if required) the City. The Developer shall have no liability or responsibility to any builder, Owner or other party for the failure of a builder or Owner to final grade or maintain any Lot in accordance with the master grading plan or any approved lot grading plan or for the Developer not requiring a lot grading plan or compliance therewith or for the quality or composition of any soil or subsurface material. The Developer does not represent or guarantee to any Owner or other person that any grading plan for the Lots which the Developer or any engineer or other party may approve or supply shall be sufficient or adequate or that the Lots will drain properly or to any Owner's or other person's satisfaction.

(d) During the construction of the residence and improvements on such Lot and until the Lot is completely established with grass, the Owner, at its expense, shall install and properly maintain hay bales, silt fencing and such other erosion and silt control devices as are necessary or required by law to prevent stormwater runoff from the Lot depositing silt or other debris onto adjacent Lots, Common Areas and streets. In connection therewith, the Owner shall comply with all Federal, state and local governmental laws, regulations and requirements, with all applicable permits, and with all requirements imposed by the Developer, including, without limitation, preparation of inspection reports, and the Owner shall be responsible for any and all governmental fines and assessments that may be levied or assessed as a result of a failure of the Owner to so comply.

(e) All site preparation, including, but not limited to, tree removal, excavation, grading, rock excavation/removal, hauling, and piling, etc., shall be at the sole expense of the Owner or builder. All removed trees and excavated rock, etc., shall

be removed from the Subdivision and shall not be spoiled within the Subdivision, except as expressly approved by the Developer.

(f) All building plans and plot plans shall be designed to minimize the removal of existing trees. Developer does not warrant or guarantee the present or future condition of any trees. Developer shall have no liability for any damage that may have occurred to trees in connection with the development of the Lots and surrounding areas.

(g) Approval of plans or specifications by the Developer or any other Approving Party is not, and shall not be deemed to be, a representation or warranty that such plans or specifications comply with good engineering/architectural practices or any governmental requirements.

(h) Neither the sale of a Lot by the Developer to a particular builder nor the inclusion of a particular builder on a list of builders building in the area or on a list of approved builders constitutes a representation, endorsement or guaranty by the Developer or any real estate broker/salesperson of the financial stability, qualifications, work or any other matter relating to such builder. Neither the Developer nor any real estate broker/salesperson guarantees or warrants the obligations or construction by any builder.

6. Set Backs. The Developer shall have the right to establish, in its discretion, the setback lines for a specific Lot, to the extent they are greater than the minimum setbacks required by the City.

7. Commencement and Completion of Construction. Unless the following time periods are expressly extended by the Developer in writing, construction of the residence on a Lot shall be commenced (meaning digging of the foundation) within six (6) months following the date of delivery of a deed from the Developer to the first purchaser of such Lot and shall be completed within nine (9) months after such construction commencement. In the event such construction is not commenced within such six (6) month period (or extension thereof, if any), the Developer shall have, prior to commencement of construction, the right (but not the obligation) to repurchase such Lot from the Owner, free and clear of all deeds of trust, mechanic's liens and similar liens, for an amount equal to 95% of the sale price of the Lot from the Developer to the first purchaser thereof. If such repurchase right is exercised by the Developer, the Owner of the Lot in violation of this construction commencement provision shall not be entitled to reimbursement for taxes, insurance, interest or other expenses paid or incurred by or for such Owner and all taxes and installments of special assessments shall be prorated between Developer and the Owner as of the closing of the repurchase by Developer.

8. Exterior Structures.

(a) No Exterior Structure shall be erected upon, moved onto or maintained upon any Lot except (i) strictly in accordance with and pursuant to the prior written approval of the Architectural Committee as to the applicable building plans, specifications, exterior materials, location, elevations, lot grading plans, landscaping plans and exterior color scheme and (ii) in compliance with the additional specific restrictions set forth in subsection (b) below or elsewhere in this Declaration.

Notwithstanding the foregoing sentence, the approval of the Architectural Committee shall not be required for (I) any Exterior Structure erected by or at the request of the Developer or (II) any Exterior Structure that (A) has been specifically approved by the Developer prior to the issuance of a temporary or permanent certificate of occupancy as part of the residential construction plans approved by the Developer and (B) has been built in accordance with such approved plans. Compliance with the specific requirements or restrictions set forth in subsection (b) below or elsewhere in this Declaration shall not automatically entitle an Owner to install or maintain any specific Exterior Structures, and the Approving Party, in its discretion, shall always have the right to additionally regulate, prohibit, condition or otherwise restrict any Exterior Structure notwithstanding such otherwise compliance.

(b)

(i) No fence and privacy screen may be installed unless and until an application containing such information as may be required by the Approving Party has been submitted to and approved in writing by the Approving Party. No fence shall be installed without a permit from the City (where required) and compliance with all applicable laws and codes. Only wood or black wrought iron (or similar metal) fences or privacy screens in the specific styles, materials and colors approved by the Developer shall be permitted on the Lots. All fences, retaining walls and privacy screens shall be ornamental and shall not disfigure the property or the neighborhood or interfere with drainage. All fences and privacy screens shall be constructed with a finished side facing outward. No chain link, wire or similar fence shall be permitted. No fence may be installed in any landscape easement unless installed by or for the Developer or the Homes Association. Unless and until otherwise specifically approved in writing by the Approving Party, (A) no fence or privacy screen shall exceed four (4) feet in height, (B) no fence or privacy screen shall be constructed or maintained on any Lot nearer to the front street than the rear corners (as determined by the Approving Party) of the residence, (C) no fence shall be constructed or maintained on any Lot more than one foot from the property line of the Lot, except to the extent necessary for such fence to abut the residence and except for fences around swimming pools, hot tubs and patio areas, (D) all fences (except for fences around swimming pools, hot tubs and patio areas) must be joined to or abutting any previously existing fences on adjacent Lots, (E) all perimeter fences shall be stair-stepped to follow the grade of the Lot, and (F) no wood fence shall be painted or stained any color. If a swimming pool is to be installed, a fence around the perimeter of the pool area may be up to six (6) feet in height and must be black wrought iron (or similar metal) materials.

(ii) All basketball goals shall be permanently installed, free standing and not attached to the residence. All backboards shall be transparent and all poles shall be black. There shall be only one basketball goal per Lot. No "homemade" backboards or poles shall be permitted. The Board shall have the right to establish reasonable rules regarding the hours of use of basketball goals and any such rules shall be binding upon all of the Lots and the Owners.

(iii) All recreational or play structures must be approved in advance by the Approving Party and (if allowed) (A) shall be made of materials approved in writing by the Approving Party, (B) (other than basketball goals) shall be located behind the rear corners (as determined by the Approving Party) of the residence and (C) (other than basketball goals) shall be located at least ten (10) feet from each side boundary and at least ten (10) feet from the rear boundary of the Lot.

(iv) No aboveground type swimming pools shall be permitted. All swimming pools shall be fenced and all hot tubs shall be fenced or otherwise adequately screened, all in accordance with City requirements and the other provisions of the Declaration. All swimming pools and hot tubs shall be kept clean and maintained in operable condition at all times.

(v) The following Exterior Structures shall be prohibited on the Lots: animal runs, animal houses, portable basketball goals, tennis courts, sport courts, tree houses, batting cages, storage sheds, detached greenhouses, detached garages and other detached outbuildings.

(vi) No Exterior Structure that is prohibited under Section 9 below shall be permitted under this Section 8.

(c) No fence, wall or other Exterior Structure installed by or for the Developer or Homes Association anywhere in the Subdivision may be removed or altered by any Owner or other person without the prior written consent of the Approving Party.

9. Buildings or Uses Other Than for Residential Purposes; Noxious Activities; Miscellaneous Use Restrictions.

(a) Except as otherwise provided in Section 2 above, no residence or Exterior Structure, or any portion thereof, shall ever be placed, erected or used for business, professional, trade or commercial purposes on any Lot; provided, however, that this restriction shall not prevent an Owner or occupant from maintaining an office area or operating a home-business occupation in his residence in accordance with the applicable ordinances of the City so long as the residential character of the area is maintained.

(b) No illegal, noxious or offensive activity shall be carried on with respect to any Lot; nor shall any trash, ashes, grass clippings, leaves, or other refuse be thrown, placed or dumped upon any Lot or Common Area; nor shall anything be done which may be or become an annoyance or a nuisance to the Subdivision, or any part thereof, except as may be otherwise expressly permitted by this Declaration. The foregoing shall not be construed to limit or restrict the rights or powers of the Developer or the Homes Association under this Declaration.

(c) Each Owner shall properly maintain his Lot in a neat, clean and orderly fashion. The exterior portions of the residence and all Exterior Structures on the Lot (including, without limitation, any fence that may have been installed by or for the Developer) shall be kept and maintained by the Owner in good condition and repair at all times. Each residence exterior shall be repainted by the Owner, as needed. Any

significant exterior color change must be approved in advance in accordance with Section 5(b) above.

(d) Unlicensed, unregistered or inoperative motor vehicles are prohibited, except in an enclosed garage.

(e) Overnight parking of motor vehicles, boats, trailers, buses, campers, or similar apparatus of any type or character in public streets, Common Areas or vacant lots is prohibited. Motor vehicles shall be parked overnight in garages or on paved driveways only. Except as provided in subsection (g) below, no vehicle (other than an operable passenger automobile, passenger van or small truck), commercial truck or van, bus, boat, jet-ski, trailer, camper, mobile home, or similar apparatus shall be left or stored overnight on any Lot, except in an enclosed garage.

(f) Trucks or commercial vehicles with gross vehicle weight of 12,000 pounds or over are prohibited in the Subdivision except during such limited time as such truck or vehicle is actually being used in the Subdivision during normal working hours for its specific purpose.

(g) Recreational motor vehicles of any type or character are prohibited except:

(i) When stored in an enclosed garage;

(ii) When temporarily parked on the driveway for the purpose of loading and unloading (maximum of twenty-four (24) hours every fourteen (14) days); or

(iii) With prior written approval of the Approving Party.

(h) No television, radio, citizens' band, short wave or other antenna, clothes line or pole, or other unsightly projection shall be attached to the exterior of any residence or erected in any yard. Should any part or all of the restriction set forth in the preceding sentence be unenforceable because it violates a statute or the First Amendment or any other provision of the United States Constitution, the Approving Party shall have the right to establish rules and regulations regarding the location, size, landscaping and other aesthetic aspects of such projections so as to reasonably control the impact of such projections on the Subdivision, and all parts thereof, and any such rules and regulations shall be binding upon all of the Lots. Notwithstanding any provision in this Declaration to the contrary, small satellite dishes may be installed, with the prior written consent and in accordance with the requirements of the Approving Party, so as to render the installation as inoffensive as possible to other Owners.

(i) No solar panels may be installed without the prior written consent of the Approving Party. Should any part or all of the restriction set forth in the preceding sentence be unenforceable because it violates a statute or any provision of the United States Constitution or the Missouri Constitution, the Approving Party shall have the right to establish rules and regulations regarding the location, size, and other aesthetic aspects of solar panels so as to reasonably control the impact of such solar panels on the

Subdivision, and all parts thereof, and any such rules and regulations shall be binding upon all of the Lots.

(j) No artificial flowers, trees or other vegetation shall be permitted on the exterior of any residence or in the yard. Sculptures, bird baths, bird feeders, fountains, yard art, and similar decorative objects are allowed on the exterior of the residence or in the yard only with the specific written approval of the Approving Party.

(k) Exterior holiday lights shall be permitted only between November 15 and January 31 and may not remain on the residence or any trees or bushes on the Lot during any other period. Except for such holiday lights, all exterior lighting shall be white (clear) and not colored.

(l) No garage sales, sample sales, estate sales or similar activities shall be held within the Subdivision without the prior written consent of the Board.

(m) No speaker, horn, whistle, siren, bell or other sound device shall be located, installed or maintained upon the exterior of any residence or in any yard, except intercoms, devices used exclusively for security purposes, and stereo speakers used in accordance with any rules specified by the Board.

(n) All residential service utilities shall be underground, except with the approval of the Developer.

(o) In the event of vandalism, fire, windstorm or other damage, no residence or Exterior Structure shall be permitted by the Owner to remain in damaged condition for longer than three months after the date of the damage (except with the specific written consent of the Approving Party) and the Owner shall cause the residence to be rebuilt in all events within six (6) months after the date of the damage (except with the specific written consent of the Approving Party).

(p) No shed, barn, detached garage or other storage facility shall be erected upon, moved onto or maintained upon any Lot. No temporary storage pod or container may remain on any Lot (other than in an enclosed garage) for more than ten (10) consecutive days or more than fifteen (15) days in any three (3) month period.

(q) No outside fuel storage tanks of any kind shall be permitted (except standard propane tanks for outdoor grills).

(r) Except for signs erected by or for the Developer or its approved real estate brokerage company for the Subdivision, no sign, advertisement or billboard may be erected or maintained on any Lot, except that:

(i) One sign not more than three feet high and/or three feet wide may be maintained offering the residence for sale or lease. For newly constructed homes offered for sale, only a real estate brokerage company sign (which may include a rider identifying the builder), and not also a separate sign for the builder, may be used if a real estate brokerage company is involved.

(ii) One garage sale sign not more than three feet high and/or three feet wide is permitted on the Lot when a permitted garage sale is being held, provided such signs are erected in accordance with City code and are installed no more than two hours before the start of the sale and are removed within two hours after the close of the sale.

(iii) One political sign per candidate or issue not more than three feet high or three feet wide is permitted on the Lot for up to three weeks before the election but must be removed within 24 hours after the election.

(iv) Small school-related activities signs may be maintained near the residence while the student is residing in the residence. Event celebration signs ("new baby", "graduation", etc.) may be maintained for up to seven (7) days.

Without limiting the foregoing, no sign shall be permitted which (A) describes the condition of the residence or the Lot, (B) describes, maligns, or refers to the reputation, character or building practices of the Developer, any builder, any realtor, or any other Owner, or (C) discourages or otherwise impacts or attempts to impact a party's decision to acquire a Lot or residence in the Subdivision. In the event of a violation of the foregoing provisions, the Developer and/or the Homes Association shall be entitled to remove any such offending sign, and in so doing, shall not be subjected to any liability for trespass, violation of constitutional or other rights, or otherwise. If these limitations on the use of signs, or any part thereof, are determined to be unlawful, the Board shall have the right to regulate the use of signs in a manner not in violation of law.

(s) No sign (other than community marketing signs approved by the Developer) shall be placed or maintained in any Common Area without the approval of the Approving Party.

(t) No trash, refuse, or garbage can or receptacle (other than construction dumpsters during construction) shall be placed on any Lot outside a residence, except for the evening of the day before the scheduled pick-up day until twelve (12) hours after actual pick up and except for grass bags placed in the back or side yard pending next regularly scheduled trash collection.

(u) Garage doors shall remain closed at all times except when necessary for ingress and egress.

(v) No residence or part thereof shall be rented or used for transient or hotel purposes, which are defined as: (i) rental of less than three months duration or under which occupants are provided customary hotel services such as room service for food and beverages, maid service, and similar services; or (ii) rental to roomers or boarders, (i.e., rental to one or more persons of a portion of a residence only). No lease may be of less than an entire residence. Each lease shall be in writing, shall require that the tenant and other occupants acknowledge the existence of this Declaration and agree to comply with all provisions of this Declaration, shall provide that the lease shall be subject in all respects to the provisions of this Declaration and to the rules and regulations promulgated

from time to time by the Board, and shall provide that the failure by the tenant to comply with the terms of this Declaration or such rules and regulations shall be a default under the lease. In the event a tenant fails to comply with the terms of this Declaration or such rules and regulations, the Owner shall, if so directed by the Board and to the extent permitted by law, terminate the lease and evict the tenant. Prior to the commencement of the term of a lease, the Owner shall notify the Board, in writing, of the name or names of the tenant or tenants and the time during which the lease term shall be in effect. Notwithstanding the existence of a lease, the Owner shall remain liable for all obligations under this Declaration with respect to the Lot and the improvements thereon and the use thereof and the Common Areas, and the Owner shall cause the rented property to be maintained to the same general condition and standards as then prevailing for the Owner-occupied residences in the Subdivision.

(w) Each of the Developer and the Homes Association may enforce the foregoing restrictions and other provisions of this Declaration by establishing, levying and collecting monetary fines and other enforcement charges, having vehicles, trailers or other apparatus towed away at the Owner's expense, or taking such other lawful actions as the Developer or the Homes Association, in its sole discretion, deems appropriate.

10. Animals. No animals of any kind shall be raised, bred, kept or maintained on any Lot except that dogs, cats and other common household pets may be raised, bred, kept or maintained so long as (a) they are not raised, bred, kept or maintained for commercial purposes, (b) they do not constitute a nuisance and (c) the City ordinances and other applicable laws are satisfied. Bees, cows, horses, swine, goats, sheep, poultry, other domesticated farm animals, undomesticated (wild) animals, exotic animals, and animals requiring special permits from any government authority are prohibited. All pets shall be confined to the Lot of the Owner except when on a leash controlled by a responsible person. Owners shall immediately clean up after their pets on all streets, Common Areas and Lots owned by others.

11. Lawns, Landscaping and Gardens. Within 60 days after the issuance of any permanent or temporary certificate of occupancy for the residence, all lawns, including all areas between the residence and any adjacent street, regardless of the existence and location of any fence, monument, boundary wall, berm, sidewalk or right-of-way line, shall be fully sodded and shall remain fully sodded at all times thereafter; provided, however, that the Owner of a Lot may leave a portion of the Lot as a natural area with the express written permission of the Approving Party. No lawn on a Lot shall be planted with zoysia or buffalo grass.

Within 60 days after the issuance of any permanent or temporary certificate of occupancy for the residence, the Owner thereof shall landscape the Lot to the same standards as that generally prevailing throughout the Subdivision (as determined by the Developer). All landscaping shall be installed in accordance with the landscaping plans approved by the Developer and shall be maintained by the Owner in good condition at all times.

All vegetable gardens shall be located behind the rear corners of the residence (as determined by the Approving Party) and at least five feet away from the boundary of the Lot. No vegetable garden(s) shall exceed 100 square feet in size on any Lot, except with the prior written consent of the Approving Party.

Each Owner shall keep the lawn of the Lot in good condition at all times and uniformly mowed and clipped with a length of grass not to exceed four inches and reasonably free from weeds.

The Developer shall have the right (but not the obligation) to install one or more trees on each Lot. The type(s) and location(s) of tree(s) and timing of planting shall be selected by the Developer in its absolute discretion.
