

# TaHoma<sup>®</sup> switch

Make the most of your home  
with TaHoma switch

The first Smart Control to centralise and  
connect your home.

somfy<sup>®</sup>

# Make the most of **your** home

Motorising your rolling shutters, blinds, awnings or a garage door is the first step to making life at home more comfortable and convenient. Adding a touch of connectivity, opens up a world of possibilities.

Connected solutions from Somfy helps you make the most of your home. TaHoma switch frees you from repetitive, mundane tasks and adds new features to your home. Enrich your daily experience, freeing up time to focus on what you love.

## No more wasted time

“Rushing through the whole house to check everything is closed or turned off is such a waste of time! I really need a solution that controls everything together.”

James

## Greater peace of mind

“When I go out, I often wonder if I have switched off the lights or activated the alarm. I want technology that fits my lifestyle – and not the other way around – to help protect my home and bring me peace of mind.”

Lisa

# Create & launch your own routines with ease

TaHoma switch is a Smart Control with 2 buttons to centralise how you use your smart home devices. Customise each button to control your home with personalised scenes that fit your daily routines.

**Customised scene |**  
**Example: Going out**  
Close the rolling shutters  
Turn off the lights

**Stop**

**Customised scene ||**  
**Example: Coming home**  
Turn on the lights  
Open the rolling shutters

**+** The compact, powerful control that anyone can program and use, no matter how much experience you have.

**+** Its sleek design fits well in any home.

**+** The WiFi enabled enabled TaHoma switch can be installed anywhere in your home.

Make the most of our your home! >>

## Going out & coming home

Customised  
scene |

**Going out:**  
quick and  
easy

When rushing out the door, simply touch the pre-programmed **“Going Out”** scene button: The rolling shutters come down, the garage door opens and you can head out with peace of mind.

**Control using  
your smartphone or  
voice assistant.\***

**Customised  
scene** ||

## **Coming home: cosy at the press of a button**

**What a relief to come home and be able to relax instantly!** Simply touch the second scene button to open the rolling shutters and turn on the lights in your hallway and/or living room.

**Total protection for your home: add an alarm for greater peace of mind**

**Easily connect a Somfy alarm system. If someone attempts to break in, an alert will appear on your phone, your shutters will close automatically and the outdoor lighting will switch on.**

Take it a step further: add sensors for more comfort and convenience.

Let your home adjust to its surroundings - when the temperature rises your awning can open automatically to keep the heat out.

## Day & night

Customised scene |

### Start the day comfortably with a “Good morning” scene

Activate the “Good morning” scene at the touch of a button and watch your home awaken. The rolling shutters open and the lighting adjusts just as you programmed it. Simple and practical.

Customised scene ||

### Head off to bed with a “Good night” scene

With one touch, the shutters close and the lights switch off.

## Evenings, inside and out

Control using  
your smartphone or  
voice assistant.\*

Customised  
scene |

### Privacy & comfort

Instantly create your own personal ambiance by **launching your 'scene'**. TaHoma switch: lowers your blinds, dims your lights and plays your favourite playlist to help you unwind.

Customised  
scene ||

### Warm & inviting

Enjoy a cosy evening with friends out on your **terrace**. In one touch, roll out the awning, switch on the outside lights and play your favourite music.

**Take it a step further: Presence simulation.** Going away on vacation? Keep your home safe by creating the illusion that you're still at home. Create a special scene that turns lights on and off and opens and closes your shutters or blinds at set times.

## 3 ways to control your devices

1

**With the Smart Control**  
Launch your daily routines in one touch.

2

**With the TaHoma app**  
Program and control your house, whether you're at home, away or automatically.

3

**Via a voice assistant\***  
If your hands are full or you're driving, simply speak your command.

### Ask and it's done!

“My guests have arrived early and I still haven't finished getting everything ready for dinner! I ask my voice assistant “Can you open the gate?” to let them in while I finish up!”

James
