The Lodi Agricultural Fair requires YQCA certification for youth who are exhibiting ALL LIVESTOCK at our fair. Your YQCA certificate number is input during your online fair account creation. ALL LIVESTOCK EXHIBITORS must be prepared to provide a copy or a digital image of the YQCA certificate upon request of a livestock superintendent.

As Wisconsin continues to promote Food Safety in all areas of our fairs, the Youth for the Quality Care of Animals (YQCA) national program was implemented. YQCA was created for youth in the Beef, Dairy, Goat, Poultry, Rabbit, Sheep, and Swine projects. This program provides families more flexibility in acquiring this much needed information which trains youth in improving the care of food animals and promoting a higher level of consumer food safety. The livestock industry and businesses are constantly striving for high quality, wholesome products; therefore, youth in food animal projects should assist in this effort.
