

The TeleDentists Enhancing Telemedicine for Residents in Senior Living and Retirement Communities

We are here to make your life easier and improve the health of your residents - one smile at a time.

- Full compliance with Regulation 483.55 for Dental Services for each of your SNF communities
- Training for all Caregivers to improve oral care of all residents
- Education for self-care clients to improve healthcare for all residents
- Reduce emergency room visits and hospitalizations through better oral care.
