**Fast Response, Professional Solutions
For Most Dental & Oral Care Problems
Anytime...Anywhere**

Combining technology with reliable dental care
to better serve patients who visit your facility

The TeleDentists Fills A Massive Void In The Healthcare Market

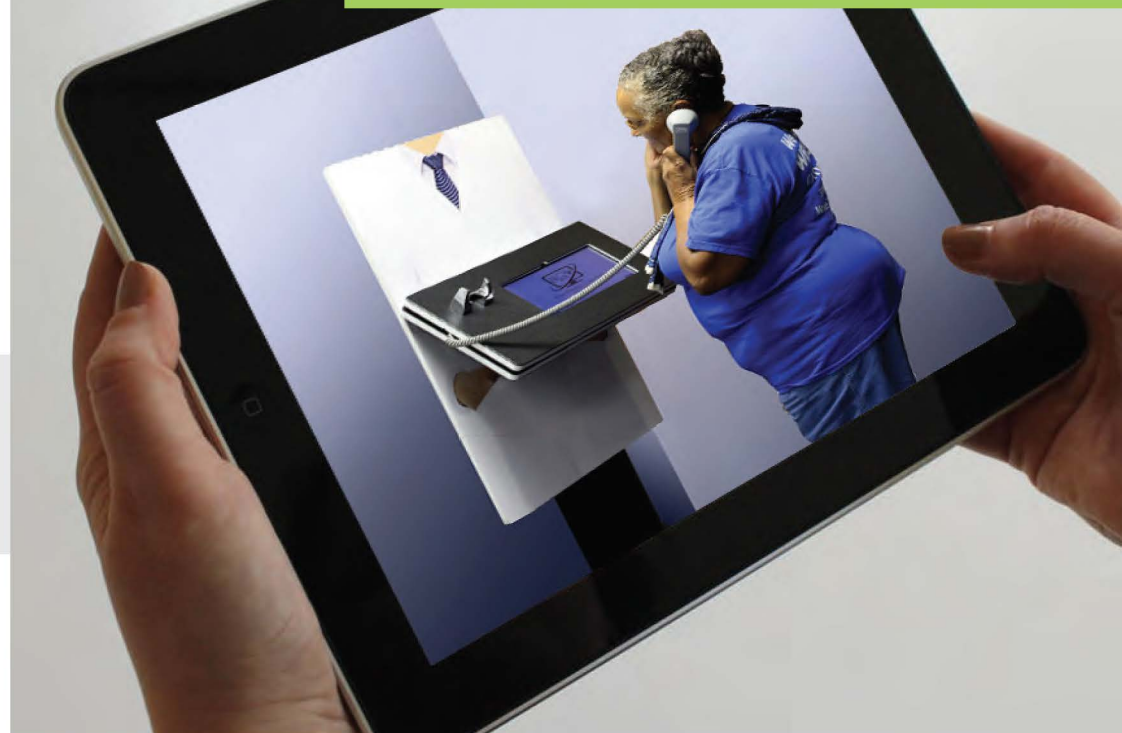

- 6-7 million people experience an urgent oral health issue annually
- 2.1 million patients visited an ER or Urgent Care clinic seeking help for dental and oral care problems
- BUT qualified, knowledgeable dental professionals don't work at those locations
- So, patients can wait hours, but get little or no help

The TeleDentists Connects Patients At Your Facility To A Quality Dentist Within Minutes

- Connect our cloud-based software to computers at your facility
- Enable video interaction to an on-call dentist 24/7/365
- Diagnosis provided and corrective action prescribed
- Antibiotic and/or non narcotic pain med prescription sent to preferred pharmacy (if needed)
- Follow-up appointment made with conveniently located dental provider within 24 hours (if necessary)
- High patient satisfaction

The TeleDentists Adds Profit To Your Bottom Line

- Important new teledentistry service to add to your offering
- Strong, marginal revenue opportunity for your Facility
- You bill the patient as normal
- Pay the TeleDentists a low monthly license fee
- Pay the TeleDentists a low per consult fee
- Reduced patient frustration
- Patient problem resolved quickly and cost effectively
