HARLESTON MAGPIES HOCKEY CLUB MANAGER'S MUTTERINGS

In my capacity as Chairman of the Club and manager of the Men's first XI team, I have great pleasure in welcoming all readers to a hockey extravaganza, 3 games in a day.

Trojans Ladies visit us in the Cup to start the day's proceedings and I know a number of people are looking forward to watching this game.

Trojans are just below half way in the Premier Division of the Women's National Hockey League and no doubt will display skills of the very highest standard.

Our Young Ladies' team will be able to witness first hand the sort of standard which we are aspiring to and maybe cause our visitors a few problems.

To the Harleston Veterans team and the international select eleven, to many of you who do not regularly play at Weybread, we welcome you and hope you have an enjoyable day both on and off the pitch.

To our ex-players who are joining us for lunch, we hope you enjoy your hockey and the company and look forward to seeing you again.

To Hampstead we know today's game will be particularly tough, but once again hope you enjoy our hospitality which we shall endeavour not to extend to the game.

Finally, I hope our large crowd will get behind both Ladies' and Men's sides today. The support which Magpies receive at home is matched by few Clubs throughout the country and I am sure our home record is testimony to this.

Robert Stimpson.

COACH TRIP TO SHEFFIELD

on

Sunday 1st March, 1998

MAGPIES 1st XI -v- SHEFFIELD

THE NATURAL CHOICE

Playing hockey on Synthetic grass systems is now the recognised competition standard. And there couldn't be a more natural choice than Poligras and Baspogras, two great players from Balsam UK.

With many installations nationwide, Poligras and Baspogras continue to make a major contribution to Hockeys' on-going success.

POLIGRAS[®]

Water Based synthetic grass playing system

baspogras[®]

Sandfilled synthetic grass playing system
