

JESUS *said...*

I AM
**THE
DOOR**

(John 10:9)

“If anyone enters by Me, he WILL be saved”.

Jesus Christ in John 10:9

Beep, beep, beep...

The warning sound that the train **door** was about to close.

Still, a few people rushed across the platform, hoping to get onto the train in time. They did, but the **door** closed on one of them. Thankfully, it rebounded and the passenger managed to board the train safely. As I watched the train depart, I wondered why those men and women took such a risk.

They did so, because getting through that **door** in time MATTERED.

But there is a far more important **door** that each of us needs to enter before it closes: it's the **door** of God's mercy, which is in Jesus Christ. We desperately need that mercy because Heaven is God's perfect place, which only perfect people can enter - the problem is, all of us have sinned, so none of us qualify. But God sent His Son, to be born among us and live that sinless, perfectly pleasing life on our behalf, satisfying God completely. What happened next is extraordinary: Christ exchanged His perfection for our sinful guilt by dying on the Cross, bearing the punishment for us once and for all. That is why going through Him, the **Door**, is the only possible way to Heaven. Each of us can go through Him by FAITH - claiming Him as Saviour.

Heaven is much like a train - No “beep, beep, beep” sound, but the Bible does make this announcement, “**Behold, NOW is the accepted time; behold, NOW is the day of salvation**” (2 Cor. 6:2). Don't delay - you won't simply drift onto that train automatically when you die: you have to STEP onto a train in order to arrive at its destination. Come to Christ today, make Him your Lord. He will see you through with a genuine relationship with God, and to eternal life with Him.
