

THE SLP WAY

Strategic Lab Partners is the premier source of custom universal kitting because of its seamless integration of FDA-approved specimen collection and transport devices, real-time analytics, and nationwide 3PL solutions. Its SLP Connect™ Premium Kitting Deployment and Centralized Management Ecosystem delivers cost-effective, reliable specimen collection and diagnostic solutions that transform decentralized clinical operations in manageable and dependable processes. It is a worldwide provider of universal kitting and deployment, 3PL management, and warehousing for clinical, institutional, government emergency services, medical, and retail clients that require secure, streamlined, efficient RNA/DNA sampling processes, and real-time healthcare supply chain management. It is widely recognized for its "Triple Promise" of Seamlessness, Decentralized Accuracy, with Uninterrupted Performance which turns operational complexity into strategic clarity.

STRATEGIC LAB PARTNERS HEALTHCARE KITTING EXPERIENCE

Strategic Lab Partners (SLP) is the premier source of custom clinical, medical, and retail specimen collection and transport kitting, clinical laboratory supplies, secure kit warehousing, logistics, and fulfillment services.

In 2020, Strategic Lab Partners formulated distribution agreements with several industry-leading and FDA Class I & II molecular transport, saliva collection, biosampling, multi-drug screening, and swab product manufacturers.

To date, Strategic Lab Partners surpassed the production and sale of 55 million medical specimen collection and transport kits. SLP attributes its exponential growth since 2019 and over 400 clients worldwide to aggressively sustaining its vision to innovate and bring maximum performance and value to its clients and partners.

The SLP MISSION

Strategic Lab Partners (SLP) transforms research infrastructures across Genomics, Multi-Omics, and Precision Medicine by unifying data precision, logistical speed, and sample integrity in one connected ecosystem. Through SLP CONNECT™, our Premium Kitting Deployment and Centralized Management Platform, we integrate precision kit production, global logistics, and real-time digital visibility to ensure complete control from design to deployment.

Our mission is to deliver reliable, scalable, and compliant operations that help research sponsors and CROs run complex studies with advanced-manufacturing accuracy. We elevate healthcare supply chains with universal kitting, serialized tracking, and value-based logistics—strengthening quality, reducing variability, and accelerating scientific discovery.
